

## RZ-512CR

### 2.5times stronger flame

High power model launched. It has 2.5 times stronger flame than model RZ-511CR. Same features of fuel & oxygen adjust, quick start automatic ignition. Good for quick heating job to professional soldering, melting works.

- Item Code: 302-088
- Model : RZ-512CR
- Calorific Value : 0.58kW (500kcal/h)
- Weight / Dimensions : 202g / 100 x 70 x 162mm
- Temperature Attainable : 800 - 1300°C (with air adjustment control)
- Gas capacity : Approximately 7g

## RZ-511CR

### Spot flame for detail works

Fine spot flame for details soldering works. Burner stands free, and both hands can be used for the work. Filling gas easy, just press on the bottom of the body. Around 25 minutes lasts once filled in 7gram gas on body.

- Item Code: 302-086
- Model : RZ-511CR
- Calorific Value : 0.23kW (200kcal/h)
- Weight / Dimensions : 188g / 90 x 70 x 146mm
- Temperature Attainable : 800 - 1300°C (with air adjustment control)
- Gas capacity : Approximately 7g

Quick ignition by pressing bottom

Free-standing leaves both hands free

Butane gas filling from bottom

Removable bottom base
