ALFA MIRAGE Co., Ltd.

Bestselling Products at Jewellery & Gem WORLD Singapore 2022

Thank you for visiting our booth at Jewellery & Gem WORLD Singapore. We appreciate your taking time from your busy schedule to be with us. After nearly three years of a pandemic break, we were happy to meet our distributors & customers face to face. The show was a great success for us. Sales were so good that most items were sold out within the first two days. For those who don't have a chance to come, we would like to introduce some of our best-selling products at the exhibition.

LIGHTBOX GLB MASTER

GLB master provides the most suitable lighting condition for Diamond grading &Color comparison.

- High color rendering ability Ra97
- Color Temperature 6500K.
- UV wavelength 365 nm
- UV uniformity 80%

Supervised by CENTRAL GEM LABORATORY Co., Ltd, designed and produced in Japan, following ISO standards.

Gem Lightbox GLB Mater

FRONT: Front LED Tube On/Off
BACK: Back LED Tube On/Off
UV: LED UV365nm On/Off
UV VOLUME: UV intensity control 5 levels (50-100%)

GEM LIGHTBOX GLB MASTER

GLB master provides most suitable lighting condition for Diamond grading, and Gem identification. High color rendering Ra98 light emitted from newly developed LED tubes which is similar to natural light goes through special diffuser. It's easy on the eyes and enables anyone to perform uniform grading and identification. UV intensity can be adjusted with 5 levels, allowing you to work in like daylight condition. GLB Master is supervised by CENTRAL GEM LABORATORY Co., Ltd, designed and produced in Japan, following ISO standard.

Item Code	104-072
Illumination	LED Tube light 6500K x 2 pcs, LED UV 365nm x 2 pcs
Color Rendering	Ra98
LED Life Time	40,000 hours
Working Stage	495 x 200 mm / Height from diffuser 207 or 330 mm
Weight / Dimensions	7 kg / 510 x 210 x 490 mm

Ra 98 fluorescent LED lights

LED lifetime 40,000 hours

Unlike conventional fluorescent lights, the newly developed fluorescent lights have a high color rendering index(Ra98)

What is the "Color Rendering Index (Ra)"?

The color rendering index (Ra) is a numerical value that expresses how an object looks when illuminated by light, based on the sunlight,(Ra100)
The closer the value is to 100, the more natural the color appears.

MICRO GRINDER PREMO V-35S

Compact & ultralight Micro Grinder. High-spec model with high precision and ideal torque control.
Weight: Handpiece (**189 g**) & Controller (**82 g**)
Speed: 2,000~35,000 RPM

Micro Grainder Premo PRM-V-35S

MICRO GRINDER PREMO PRM-V-35S / W CHUCK2.34

Ultra-compact, but high-performance micro grinder with max 35,000 RPM. Pursuit of rotation accuracy enables to smooth work with less runout. Ideal torque control provides tenacious power, especially in the low-speed range. Feedback function keeps rotation speed even while working. Safety mechanism stops rotation when overloading.

Item Code	303-056
Model	RPM-V35S
Speed	2,000 - 35,000 RPM
Weight	189 g (Hand piece) 82 g (Controller)
Power	100 - 240V
Accessories	Hand piece (RPM-V35R), Controller (RPM-V35C), Collet chuck (φ 2.34 & φ 3.0 mm), AC Adapter (RPM-V35AD6), Spare Carbon Brush (KE-610)
Made in Japan	

ELECTROPLATED DIAMOND SHEET

Cuttable freely to your desired size with scissors or a knife. The back side is adhesive, so you can attach and use it. Using brass as the base material, it is soft and easy to handle. Very convenient because it is thin and can fit into narrow spaces.

For sharpening blades & For polishing chisels, tools, molds, etc.

Size: W50 × H100 mm

Grit: #150, #200, #400, #600, #1000
