PVA POINT

The elastic effect provides a smooth finish with low heat generation & less clogging

Features of PVA

Flexible & Low heat generation & Less clogging!

PVA is made with polyvinyl alcohol, which is famous for its elastic feature.

The elastic effect of the PVA sponge aligns the abrasive grain cutting edges, leaving no deep scratches on the workpiece and Producing **a uniform and smooth surface finish!**

The special pores **reduce heat generation** by playing a role as a cushioning during polishing and enabling polishing with **less clogging.**

HI-CLASS BLACK GLOVES

AMC JEWELRY GLOVE BLACK

Smooth surface quality fabric black color gloves. Good for handling diamond, pearl jewelry.

Fit on hands with hook button. Easy on hands made of cotton 100% even long time use.
