## Soldering Tools

**Burner RZ-511 & RZ-512 / Hand held Butane torch, spot flame, soldering, heating, melting**

**Soldering can be done with one burner, but by using two different burners, you can get better results and efficiency!**

MADE IN JAPAN

### RZ-512CR

**2.5times stronger flame**

High power model launched. It has 2.5 times stronger flame than model RZ-511CR. Same features of fuel & oxygen adjust, quick start automatic ignition. Good for quick heating job to professional soldering, melting works.

**NEW!**  
ARRIVAL

BURNER

- Item Code: 302-088
- Model : RZ-512CR
- Calorific Value : 0.58kW (500kcal/h)
- Weight / Dimensions : 202g / 100 x 70 x 162mm
- Temperature Attainable : 800 - 1300°C (with air adjustment control)
- Gas capacity : Approximately 7g

Quick ignition by pressing bottom

Free-standing leaves both hands free

Butuan gas filling from bottom

Removable bottom base

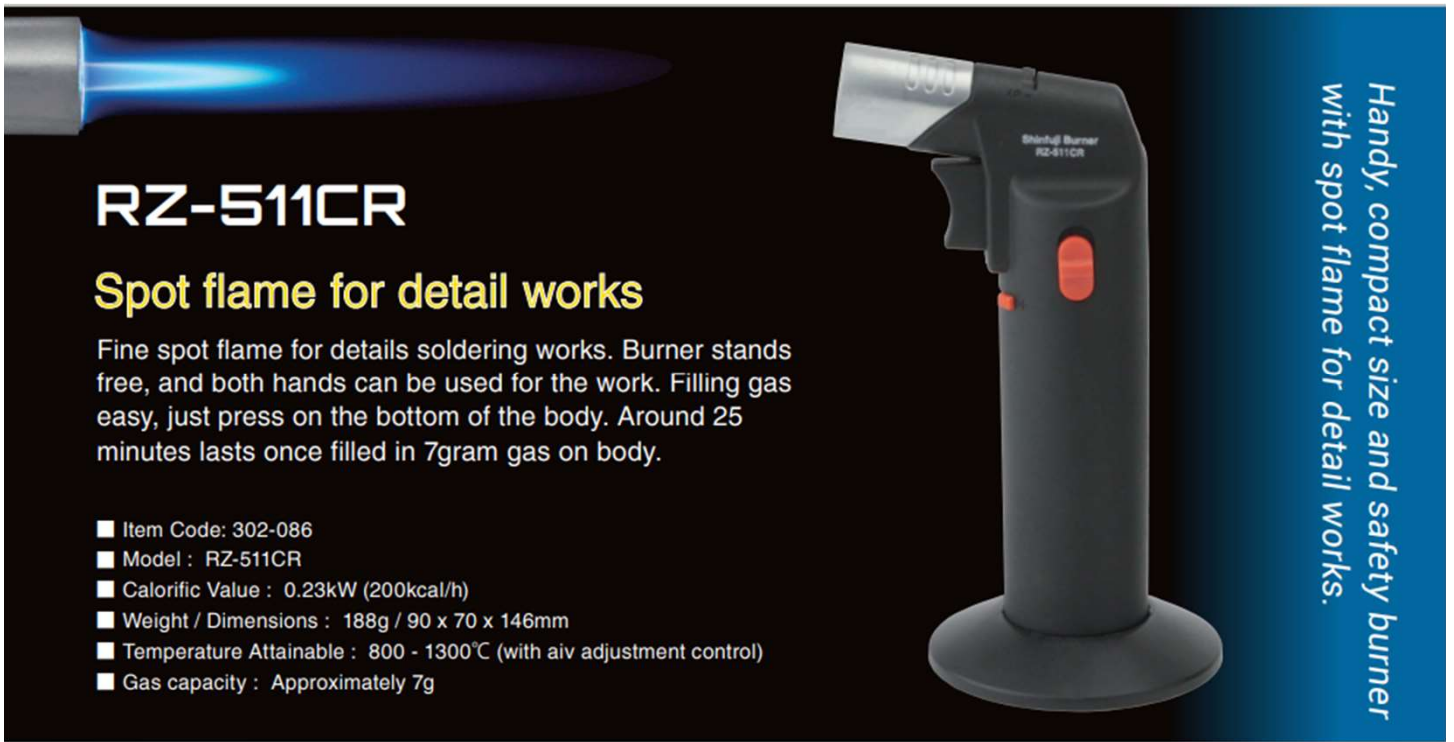

Parts identification

**Thick flame:**

Can be used for large silver rings, thick brass rings, and other large metals.

Suitable for:

- Large metals
- Thick parts
- Large areas, and long soldering parts

**RZ-511CR**

**Spot flame for detail works**

Fine spot flame for details soldering works. Burner stands free, and both hands can be used for the work. Filling gas easy, just press on the bottom of the body. Around 25 minutes lasts once filled in 7gram gas on body.

- Item Code: 302-086
- Model : RZ-511CR
- Calorific Value : 0.23kW (200kcal/h)
- Weight / Dimensions : 188g / 90 x 70 x 146mm
- Temperature Attainable : 800 - 1300°C (with aiv adjustment control)
- Gas capacity : Approximately 7g

Handy, compact size and safety burner with spot flame for detail works.

**Thin flame:** Can be used for soldering in targeted areas.

Suitable for

- Fine parts
- Thin parts
- When you don't want to spot the flame to non-targeted areas.

### CERAMIC CRUCIBLES

Durable crucibles for Platinum and can be used several times.

Item Code	503-009	503-010
Diameter	φ60 mm	φ70 mm

Made in Japan

Soldering Tweezers

## SOLDERING TWEEZERS

Useful for soldering when you heat the objects, especially for Platinum.  
Heat-resistant is up to 3000°C

Item Code	401-020	401-021	401-022	401-024	401-025
Model	BS-3000A	BS-3000B	BS-3001	BS-3002	BS-3003
Length	145 mm	175 mm	180 mm	170 mm	140 mm
Type	Small	Large	Self-Lock	Large-Curve	Small-Curve

Made in Japan

Silver Solder

## SILVER SOLDERS

Japanese made Silver Solders, different purity of silver for various use.

	FAST	2ND	3RD	5TH	7TH	9TH
Melt Temp.(°C)	620	820	780	750	720	730
Silver %	50	80	77	70	60	50
S-Pack (6.9-7 g) (50 x 50 x 0.3 mm)	306-002	306-003	306-004	306-005	306-006	306-007
L-Pack (27-28 g) (200 x 50 x 0.3 mm)	306-008	306-009	306-010	306-011	306-012	306-013
