

## **Compact Foldable Dust Box**

### **COMPACT EASY TO ASSEMBLE**

It can be folded up when not in use,  
so it takes up little space.

Made of durable PET Resin.

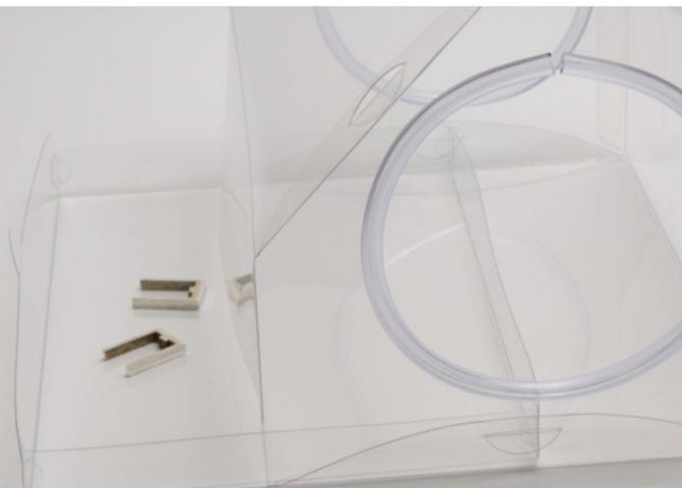

Made in Japan

### **DUST SCATTERING PREVENTION**

Recommended for dust-scattering work,  
such as when using a micro-grinder.

It allows you to work comfortably without  
dust-scattering and parts flying around.

### **CONVENIENT BOTTOM TRAY**

The bottom tray has a handle and is  
removable. The trash and dust can be  
disposed of directly into the trash can,

No need to worry about  
messing up your workspace.
